

CERTIFICATE OF ANALYSIS

Reference Substance

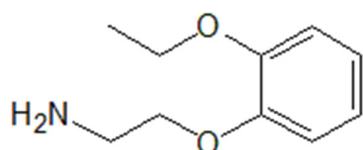

Date

Tamsulosin EP Impurity F

Batch No.

Catlogue No:- VL269003

IUPAC Name: 2-(2-Ethoxyphenoxy)ethanamine

Molecular Formula: C₁₀H₁₅NO₂

Molecular weight: 181.23 g/mol

Sr.#	Test	Results	Data ref.
1	Appearance	White Solid	-----
2	Purity by HPLC	>95.00%	Chromatogram attached
3	Mass	Conform	Report attached
4	H NMR	Conform	Report attached

Storage condition: Store at 2-8°C, protect from moisture and direct sunlight & moisture.

This certificate of analysis is valid for three years from date of manufacturing, provided the substance is stored under suitable conditions.
